Profile

Computer Science and Engineering student at PES University, currently working as a UX Designer at Embitel Technologies. With prior experience as an intern at the same organization, I have contributed to creating intuitive and visually engaging user experiences. Skilled in using tools like Figma, I focus on designing user-centric interfaces, seamless journeys, and consistent experiences by leveraging established design systems. Passionate about problem-solving through technology, I thrive in collaborative environments that prioritize innovation, inclusivity, and continuous improvement.
